

1832 MOTOBALANCE VALVE

The Figure 1832 MotoBalance valve has recently been redesigned to improve the function of the valve. A new profiled disc enables the valve to give equal percentage flow control. The pricing will remain the same but there will be new part numbers for the valve range as shown below.

Current Part No.	New Part No.
004B01832JW	004B01832JW PD
004B01832JW APA	004B01832JW PDL
004B01832JW CVJ	004B01832JW PDM
006B01832JW	006B01832JW PD
